# Workshop theme suggestions

## REMOTE SENSING APPLICATION IN AGRICULTURE

As an important agricultural and research center, Novi Sad is a hot-spot of advanced IT applications development for agriculture in Serbia. Remote sensing plays a fundamental role in this field.

## LU / LC CHANGE MONITORING IN PROTECTED NATURAL AREAS

Protected natural areas in Serbia are under increasing pressure from urbanization, agriculture, resource exploitation, transport, tourism. The Fruška gora National park near Novi Sad is an excellent example of these negative processes.

# Excursion

## **FRUŠKA GORA NATIONAL PARK**

**20 min drive from Novi Sad**

**Numerous orthodox monasteries**

**Quarries**

**Wine roads**

**Cultural and geo heritage sites**

# Excursion

## SREMSKI KARLOVCI
