

Dams as a trigger of land cover change in river basins

Vladimir Starodubtsev

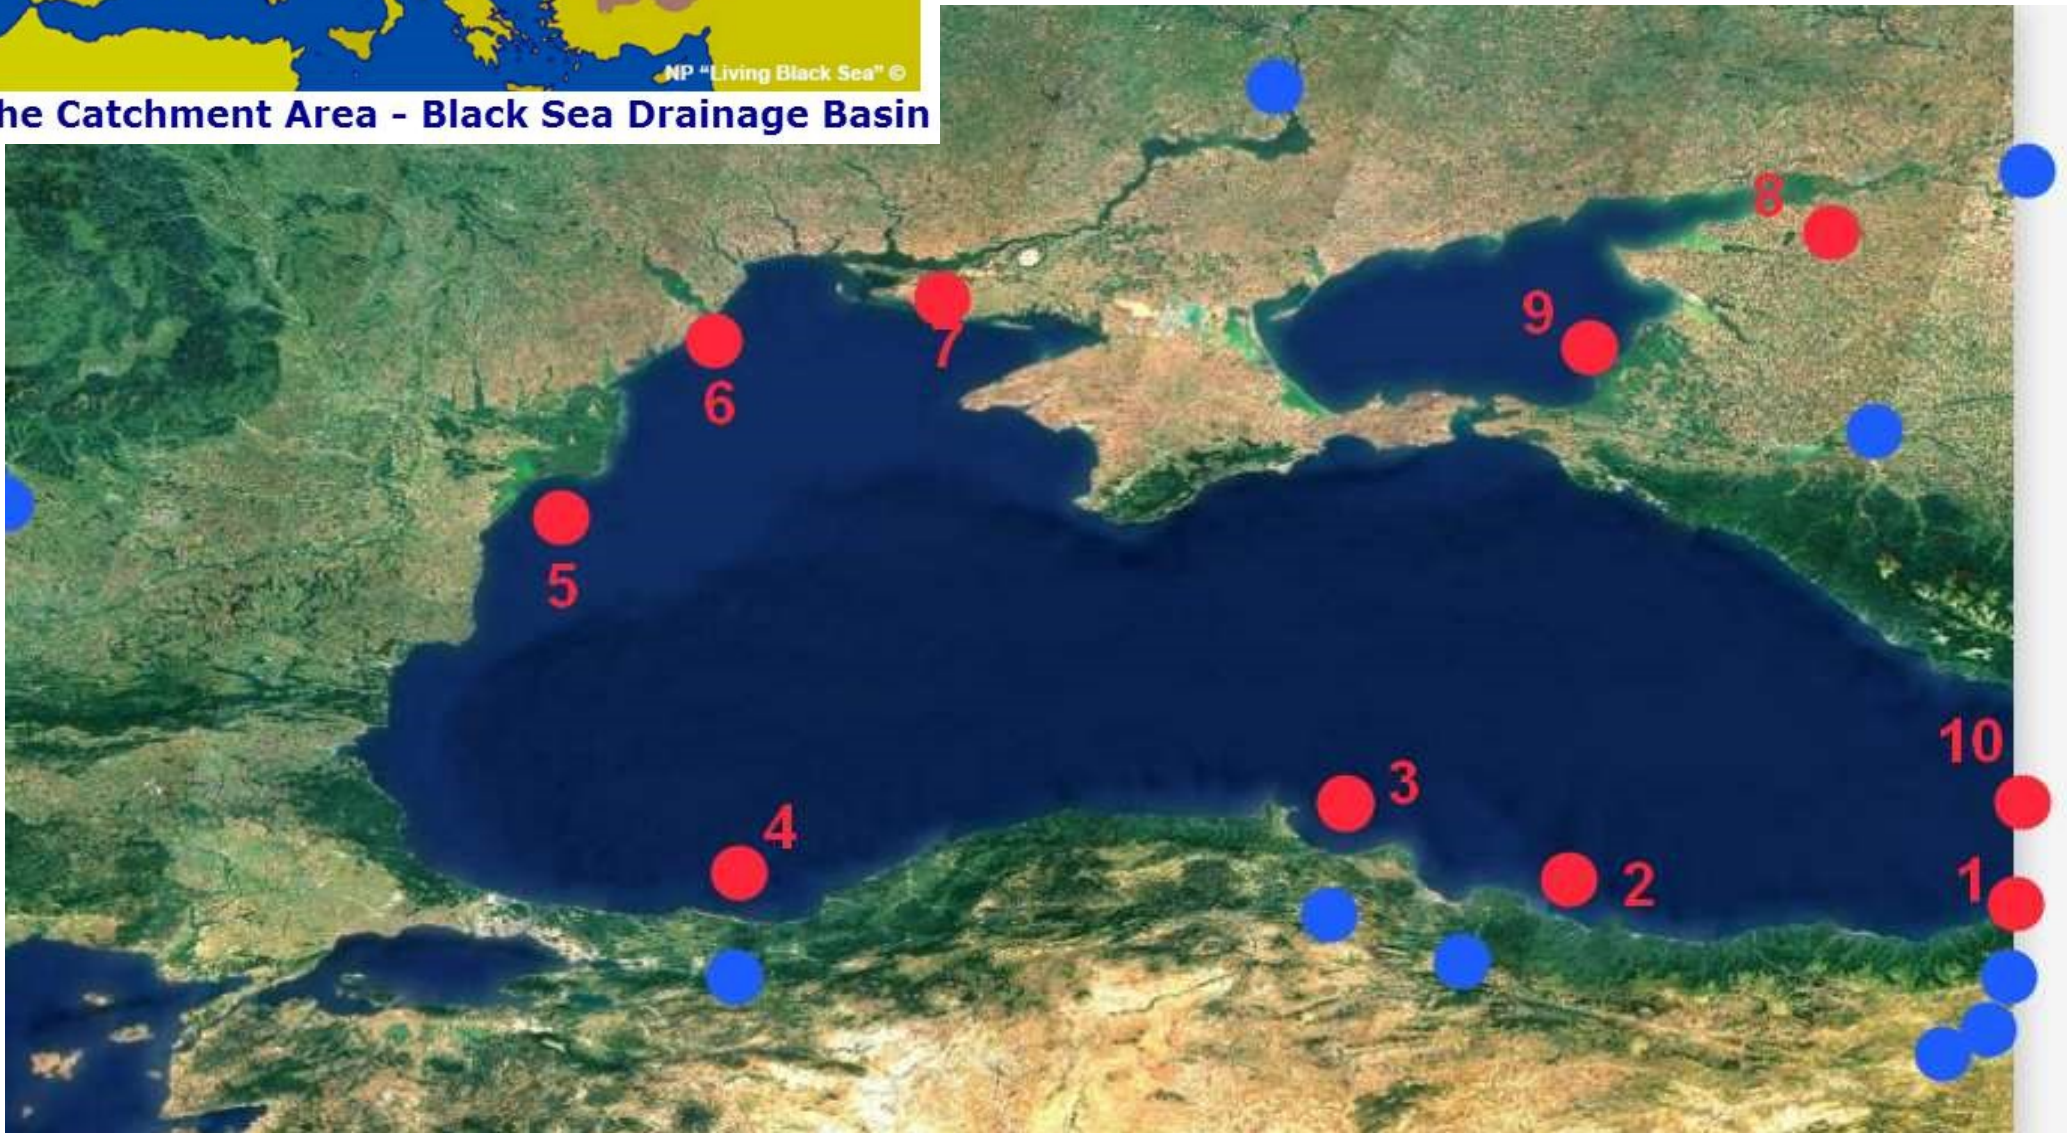

Ukraine

SCERIN – 7, 2019, Novi Sad

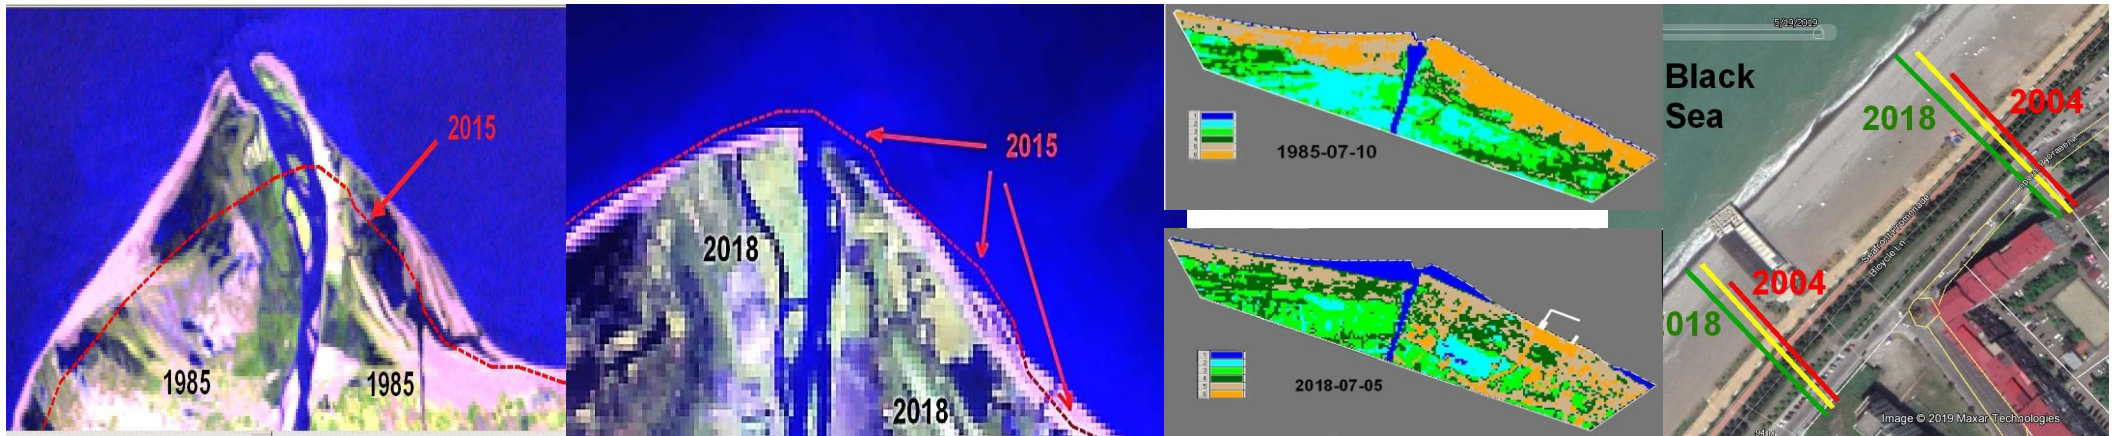

The Catchment Area - Black Sea Drainage Basin

Black Sea basin (deltas of the rivers and large reservoirs)

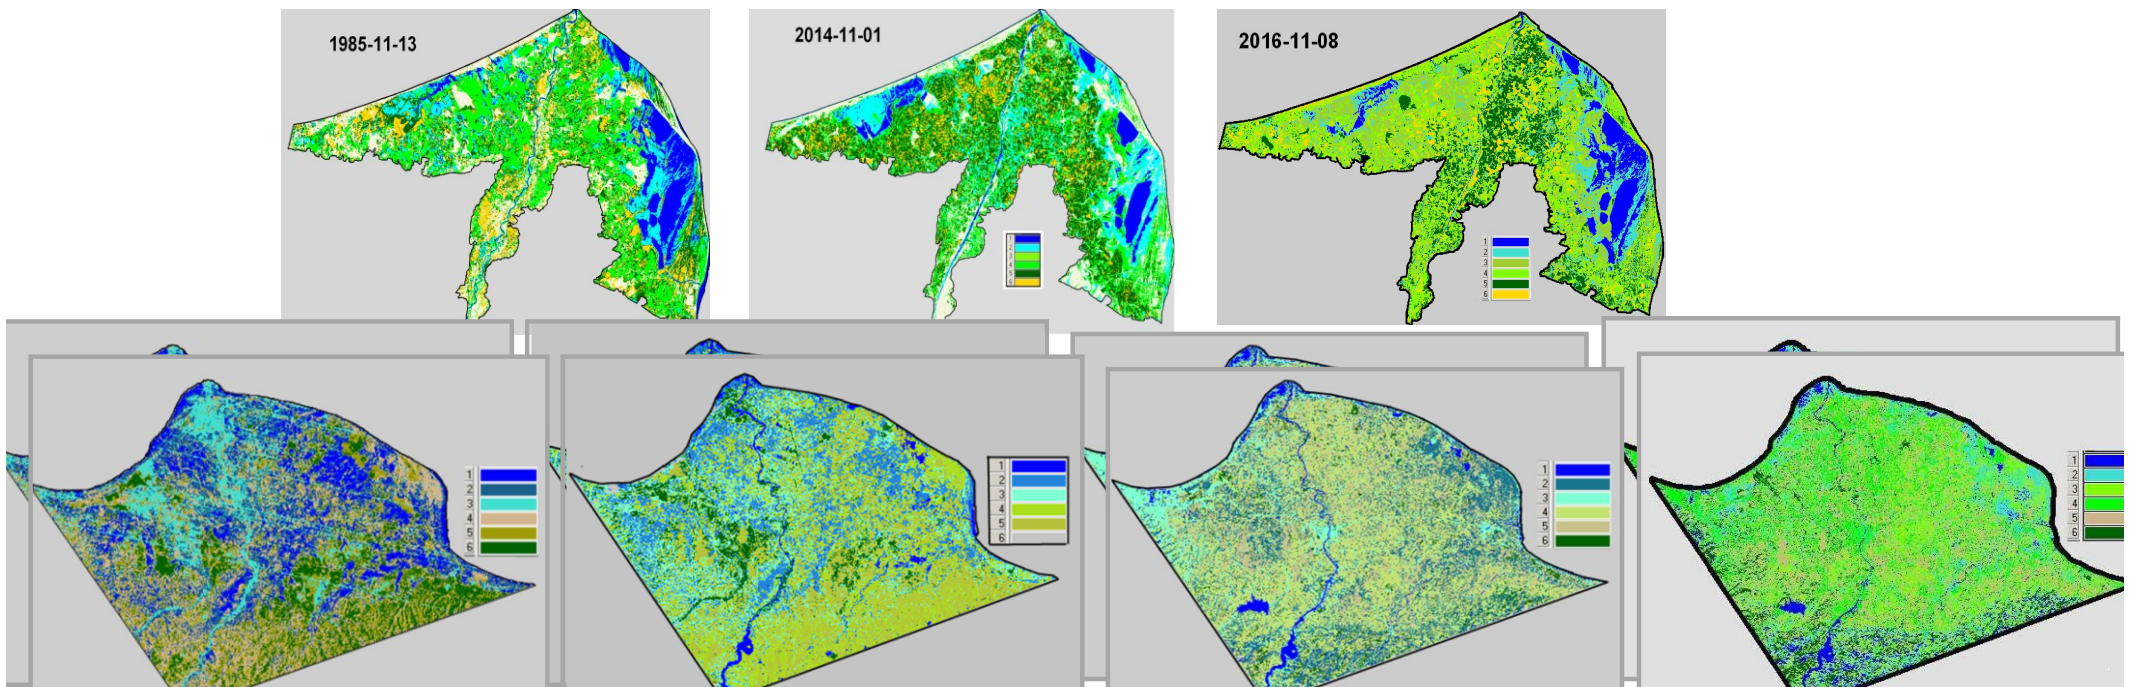

Land cover changes due to dams construction

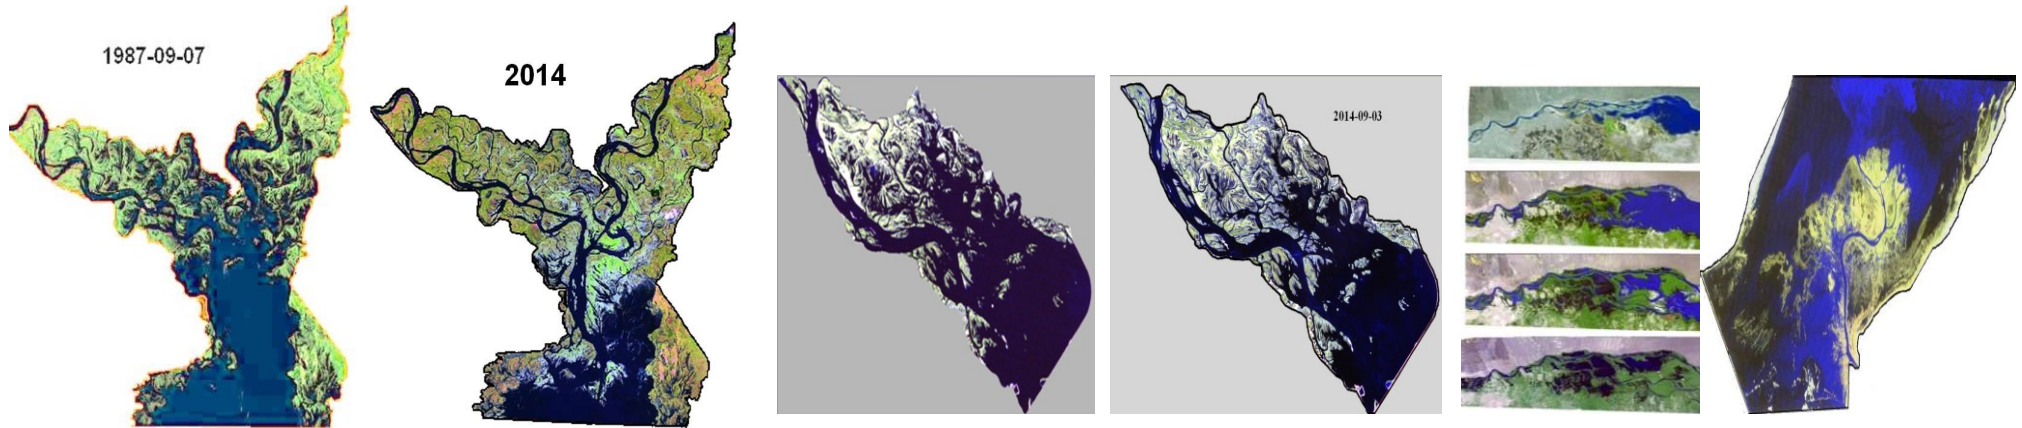

1. Coastline change in river deltas of the Black Sea

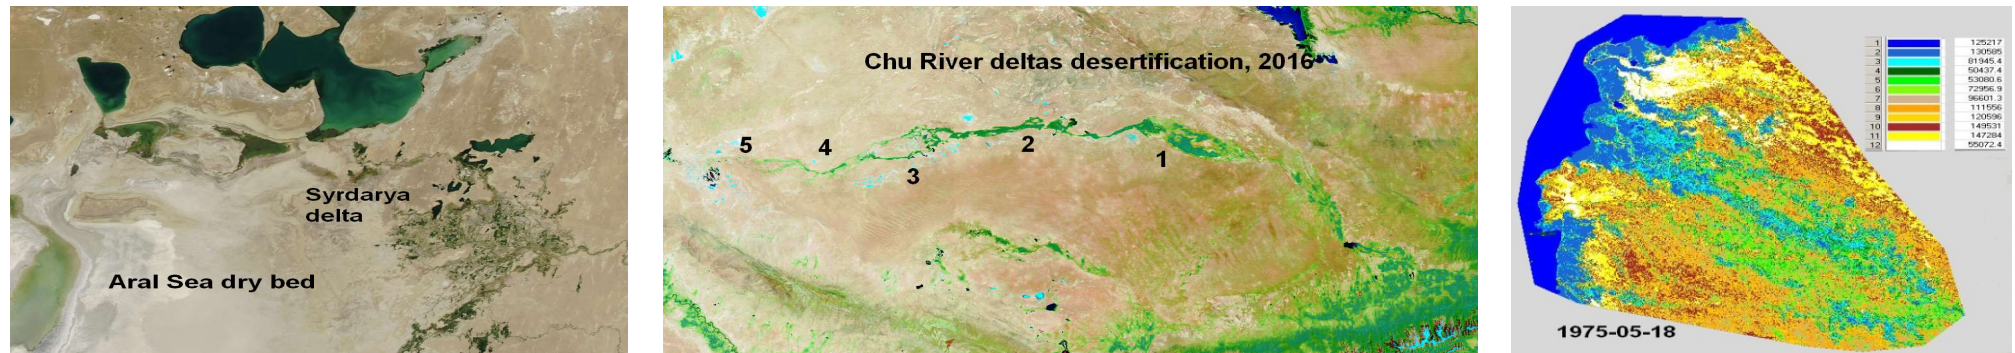

2. Land cover change in river deltas

- **3. New landscapes formation in reservoirs**

- **4. Desertification processes in river deltas**

- **5. Danube delta change (Ukrainian part)**
